A group of people riding camels through a vast desert landscape under a cloudy sky. The scene is captured from a low angle, showing the backs of the riders and the camels as they move across the sand dunes. The sky is filled with soft, white clouds, and the overall color palette is dominated by warm, earthy tones of the desert and the cool blues of the sky.

# Soulful RAJASTHAN

Rajasthan looks magnificent in monsoons with the skies appearing to be a painter's canvas. If you love old songs then cabs in Rajasthan are your haven. You will find a variety of such songs in the playlist of the taxi drivers there, which when played will take you back in time.

A scenic view of a tropical beach with palm trees and a boat on the water. The image shows a lush green landscape with tall palm trees and a body of water in the foreground. A boat is visible on the water, and a person is standing on a wooden structure near the water's edge. The sky is clear and blue.

# Traveling SOUTH INDIA

SOUTH India is beyond the statement, for anything you say, opposite is also true. It's rich and poor, spiritual and material, cruel and kind, ugly and beautiful, angry but peaceful, and smart but stupid, it's all the extremes.

## *Paris*

Paris is multifaceted and there are numerous ways of discovering it. As well as the top sights, there are many other amazing places. Everyone who visits Paris for the first time probably has the same punchlist of major attractions to hit: The Louvre, Notre Dame, The Eiffel Tower, etc. Just make sure you leave some time to wander the city's grand boulevards and eat in as many cafes, bistros and brasseries as possible. And don't forget the shopping—whether your tastes run to Louis Vuitton or Les Puces (the flea market), you can find it here.

# London, UK

London is a city of ideas and the imagination. Londoners have always been fiercely independent thinkers (and critics), but until not so long ago people were suspicious of anything they considered avant-garde. That's in the past now, and the city's creative milieu is streaked with left-field attitude, whether it's theatrical innovation, contemporary art, pioneering music, writing, poetry, architecture or design. Food is another creative arena that has become a tireless obsession in certain circles.

# Phuket

Phuket is among the world's finest beach destinations, with fine white sands, nodding palm trees, glittering seas and lively towns. It has something for any taste and budget, with hundreds of hotels to choose from, a wide choice of dining and partying options. Aside from visiting the fantastic attractions of Thailand's biggest island, you can take an exhilarating speedboat trip to the many nearby tropical paradises, including the famous Phi Phi Islands, or enjoy a serene cruise around the mystical Phang Nga Bay. Phuket is blessed with more than 30 amazing beaches to choose from. Patong Beach, Kata, Karon and Kamala have always been the most popular, but the north of the island reveals some hidden gems for travelers searching for a more romantic atmosphere.
